PROFILE

I'm a multi-talented front-end web developer who shares a deep passion for curating code into stunning user-friendly websites. For the past few years, I've immersed myself in coding carefully honing my technical proficiencies. My focus is building full-stack web applications using HTML, CSS, JavaScript, React, Tailwind, MongoDB, Node.js, and Express.

EXPERIENCE

Freelance Web Developer

From 2023 to current | The Tuscan Table

Developed and maintain website for a restaurant, implementing monthly updates to ensure freshness and functionality. Designed brand identity, including logo creation and graphic design for marketing assets. Manage social media platforms and marketing campaigns to enhance brand visibility and engagement.

Full-Stack Engineer Student

From 2022 to 2024 | Codecademy

Gained knowledge to build full stack modern web applications with MERN stack. Reinforced front-end best practices and standards.

Production Manager

2021 | "Power World" Canadian Council for the Arts Freelance Project

Assisted on producing a full-length video production project from concept to completion, involving set production, storyboarding, video shooting, and editing using Adobe Premiere Pro and After Effects. Utilized 3D tools like Blender for visual effects and animations to enhance video content.

Front-End Web Development Student

From 2020 to 2021 | Southern Alberta Institute of Technology

Acquired foundational knowledge in modern web development practices, including HTML5, CSS3, JavaScript, and responsive web design.

Marketing Coordinator

From 2019 to 2020 | Beyond Well Chiropractic

Orchestrated events and workshops to enhance community engagement and promote brand awareness. Optimized SEO to improve website visibility and managed social media platforms. Used graphic design skills to create marketing collateral which includes event posters, brochures as well as compelling in-house content. Contributed to web redesign and updated branding strategy during the practice's rebranding .

Marketing Coordinator

From 2016 to 2020 | Patchwerks LLC

Organized modular synthesis events and taught educational workshops to help foster musical education and community engagement. Established partnerships and facilitated networking to advance marketing campaigns. Managed operational tasks such as inventory logging, invoice organization, and oversight of the Shopify storefront. Provided expertise as a product specialist on the sales floor, offering troubleshooting support for technical inquiries.
